İRFAN ÖNÜR MEN Pendulum @ C24 Gallery New York

3/3/ 2016 - 4/23/2016

Pendulum bears witness to the manifestations of **İrfan Önürmen's** spiritual states. In this exhibition, the artist oscillates like a pendulum between his inner experience and the traumatic nature of current times. His work explores the dichotomy and discrepancies between

personal and public experience as seen through the lens of contemporary media and its effects on the human experience. With a unique aesthetic approach comprised of layering tulle and textile materials, Önrmen creates a mysterious tone in each work that explores the concepts of vulnerability, transparency, fragmentation and depth, in the pursuit of harmony and dissonance.
