

## Red Bull Music Academy

### MEET THE VISUAL ARTISTS FEATURED AT RBMA BERLIN 2018

September 19, 2018

For Red Bull Music Academy's 20th anniversary edition, held at the Funkhaus in Berlin, the building's art exhibition was curated by Johann König of the renowned KÖNIG GALERIE. In keeping with the spirit of the Academy, the exhibition brings together works by both up-and-coming and established Berlin-based artists hailing from different generations. The artists' mediums and methods vary considerably, ranging from painting and drawing to photography and sculpture. Many of the works feature dream figures and pop culture symbols, transforming the rooms of RBMA into a world full of creatures and characters that are familiar yet alien at the same time.

#### Marion Fink

Born in Lindenberg im Allgäu in 1987, Marion Fink lives and works in Berlin and Potsdam. Her dream-like imagery plays with aspects of the supposedly real in stage-like scenarios, mixing signifiers of social media and pop culture with influences from philosophy and literature in puzzle-like collages. Selected exhibitions include *Offen Vol.2* at Galerie EIGEN+ART (2018), *don't! touch touch screen, Eine Tagung für Michael Diers* at KW Institut for Contemporary Art in Berlin (2015) and *Soliloquy* at NAU Gallery in Stockholm (2014).
