The opening reception is this **Saturday, January 20th**, from **6:00-9:00pm**, and the exhibition will run **through March 27th**.

**Studio X Noire** is located at 830 N La Brea Ave, Los Angeles, CA.

Christian Vincent, *Peninsula*, 2017-2023, Oil on canvas, 64 X 96in.  
(162.6 x 243.8cm)

**Christian Vincent's** figurative paintings are immersive, ethereal evocations of the dynamics of conformity and desire. Combining commentary related to the post-industrial world with observations about his personal experience, his strong compositions feel melancholic and evoke a sense of isolation, often featuring youthful figures on the verge of adulthood, their innocence confronting the compromises of modern life. His more recent work embodies a soft surrealism, with its exploration of the symbols of culture, history, and mythology combined with the use of repetitive imagery and patterns, along with a more colorful palette.
